PROFILE

Microbiologist (M.Sc. Microbiology) with almost two years in microbiological quality control of medical devices and earlier food-industry laboratory work at PRAN-RFL and Akij. Currently completing the M.Sc. International Food Business and Consumer Studies. Available immediately; German B2, English fluent.

WORK EXPERIENCE (SELECTED)

10/2022 – 08/2024 **Executive Officer (Microbiologist), Quality Control**
JMI Hospital Requisite Manufacturing Ltd., Munshiganj, Bangladesh (medical devices)

- Microbiological release testing of medical devices: 2 to 5 batches a day with about 4,000 units each (endotoxin, sterility, bioburden, plating, biological and chemical indicators).
- Environmental monitoring, water testing, product sampling, media preparation and autoclave sterilisation checks in routine operation.
- Test reports, logbooks and traceability in line with GMP and ISO; record-keeping described by the supervisor as exemplary.
- Core person in setting up a new laboratory, including equipment calibration; trained junior colleagues and lab assistants.

07/2020 – 03/2021 **Management Trainee Officer, Microbiology**
PRAN-RFL Group, Quality Control Laboratory, Narshingdi, Bangladesh

- Microbiological testing in the quality control laboratory, result analysis and contamination control during production

12/2019 – 05/2020 **Quality Intern**
Akij Food & Beverage Ltd., Dhamrai, Bangladesh

- Microbial load, pH and moisture tests; in-process checks (weight, sealing, taste); GMP and hygiene monitoring; QC records and HACCP monitoring

EDUCATION

10/2024 – present **M.Sc. International Food Business and Consumer Studies**
University of Kassel and Fulda University of Applied Sciences (taught in English)

- Quality Management in the Food Business, Food Product Development, Food Processing; product development projects with Antonius Hof Fulda; Applied Research Project (18 ECTS): AI in idea generation for seafood alternatives

2022 – 2023 **M.Sc. Microbiology**
Noakhali Science and Technology University, Bangladesh | German grade 1.5 | NST Fellowship 2022–23

2016 – 2021 **B.Sc. (Hons) Microbiology**
Noakhali Science and Technology University, Bangladesh | German grade 1.5

SKILLS AND LANGUAGES

Skills	Microbiological testing: endotoxin, sterility, bioburden, plating, environmental monitoring · GMP and ISO documentation, test reports, logbooks, traceability · Knowledge: Hazard Analysis and Critical Control Points (HACCP), IFS, BRCGS, ISO 9001 · Statistics: SPSS, XLSTAT, Excel; MS Office
Software	MS Office (Word, Excel, PowerPoint), SPSS, XLSTAT, Python, R/PAST, PRODI, RedJade
Languages	German: B2 · English: fluent · Bengali: native
Certificates	Microsoft Excel Basics (MLP seminar, 2026) · WHO: Basic Microbiology (2021)
